Ken is standing next to Jimmy.　He is nice to people, but sometimes he is too kind.　He lends money to his friends, but he never gets angry if they don't return it.　I like him, but he should be more careful.

The girl wearing a baseball cap is Jane.　She is popular in our school because she likes sports and always tells people funny jokes, but I like Jane because she never gives up.　She likes to try new things.

Last, there is Cassie.　She's the smartest of all my friends.　If I have a question about something, Cassie usually knows the answer.　Her dream is to be a scientist, like her grandfather.
