Hi, I'm Kayla. I'm 16 years old. I go to school, do my homework, and meet my friends. But between 5:00pm and 6:30pm on Mondays, Wednesdays, and Fridays, I do something different. I cook dinner for all my family; mom, dad, younger brother Joe, and older sister Emily.

First, my mom taught me to cook easy meals like pizza or vegetable soup. Then I started using recipes which I found on the Internet. Yesterday, I made special sandwiches for my family.

I love cooking and I'm really good at it. My friends say that they don't cook very often at home, but I don't know why. It isn't difficult at all and it's great fun. I think it is important for high school students to learn how to cook. Math and English are important, of course, but we also need other skills to help us in today's world. In the future, I will teach my brother how to cook and we will enjoy cooking together.

Here are the instructions for next weekend's camping trip in Scotland. There are forty people going on this trip, so please do not be late. We are going to leave at 8am. There will be two buses, so please take the right one. Last week's e-mail has all this information.

We should arrive at the town around 2pm, and we will buy the food we need at the local supermarket and then go to the camping area. It is a long way from town.

There will be eight large tents. Each tent will have a tent leader. The leaders went on this trip last year, so they have the necessary experience. If you have any problems during the two days, you should always speak directly to your tent leader.

The weather situation in the hills changes easily, so everyone, take wet weather clothes with you. If the weather goes bad at the camping area, it may also be necessary to leave the hills and go down into the town.

Your phones will not work in the hills, so you must tell your parents about this. You will be able to use your phones when we are in the town, but not when we are camping.
